REQUESTING VERIZON TO PROVIDE FIBER-OPTIC INTERNET ACCESS**

Sponsored By: Laws & Rules/Cable Committee: Aldermen: Schabot,  
Dawson, Carey, Dunn, Davis

**WHEREAS**, reliable, affordable, high speed internet is a necessity, not a luxury, in today's world, and the fastest, most reliable internet access is via fiber-optics; and

**WHEREAS**, the lack of high speed internet access required by local businesses, schools, health care providers, facilities and residents is discouraging them from expanding into the City of Kingston; and

**WHEREAS**, all businesses, schools, health care providers/facilities and residents in the City of Kingston should not be denied the same access and services that are readily available to consumers in other communities; and

**WHEREAS**, Verizon is refusing to complete and expand the installation of its fiber-optic cable in remaining portions of the City of Kingston, claiming that it cannot justify the cost of the installation of fiber-optic cables, that hooking them up to the homes of potential customers is expensive, and that it takes a long time for Verizon to recover that investment; and

**WHEREAS**, despite such claims, FiOS is indeed profitable for Verizon; and

**WHEREAS**, New York State has appropriated \$500 million dollars of taxpayer moneys in the State budget to enable Verizon to build a fiber-optic network across the State; and

**WHEREAS**, Verizon is a public utility and controls rights-of-way, and as such, has an obligation to provide high speed services to all users; and

**WHEREAS**, the Public Service Commission has the regulatory authority to demand that Verizon act if it fails to do so; and

**WHEREAS**, legislative and public pressure upon Verizon would raise the likelihood of it yielding to the demand for the installation of fiber-optic cables and completion of work already begun locally, thereby favoring and benefiting the interests of consumers.

**NOW THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:**

**SECTION-1.** That the Common Council of the City of Kingston hereby requests the Public Service Commission to use their regulatory authority and direct Verizon to immediately take all action necessary to deliver and make available to our community high speed internet access via the installation of fiber optics.

**SECTION-2.** That the Common Council, on behalf of the residents of the City of Kingston, requests the City Clerk to notify the CEO of Verizon, local Verizon representative and request our Assembly and Senate representatives to support this action on behalf of their constituents.
